WHO WE ARE

HighPeak Coffee Limited is a trusted agricultural export company, specializing in high-quality Arabica and Robusta coffee from select farmers.

We proudly partner with committed growers who practice responsible and consistent farming methods, ensuring every bean starts with the best care.

We ensure strict quality control from picking to export, carefully monitoring at each production step. Our processes entail hand-selecting fully ripe cherries, precise sorting and grading, controlled drying, and regular cupping to maintain flavor integrity. This is the rigors that enable us to provide coffee meeting international standards in terms of aroma, flavor, moisture contents, and bean uniformity, guaranteeing high quality for roasters, distributors, and overseas buyers.

OUR COMMITMENT

1. Freshness Guaranteed

Our beans are harvested at peak ripeness and processed immediately to lock in natural aroma and flavor.

2. Sustainable Sourcing

We work with responsible farmers who use environmentally friendly and ethical farming practices.

3. Professional Grading & Packaging

Every batch is graded by size, density, and moisture level, then packed in export-standard bags to maintain quality during transit.

4. Reliable International Logistics

Efficient export coordination ensures timely, secure delivery to global buyers and roasters.

Product Categories Overview

• Main Types of Coffee We Offer

1. Arabica (*Coffea Arabica*)

- ~Considered a variety of Liberica

OUR PRODUCT RANGE

1

ARABICA
COFFEE

ARABICA COFFEE

Premium Arabica beans sourced from high-altitude farms, hand-picked for quality. Known for their fruity aroma and smooth, balanced taste. Available in export grades AA, AB, and PB. Ideal for specialty roasters and premium coffee brands.

OUR PRODUCT RANGE

2

ROBUSTA
COFFEE

ROBUSTA COFFEE

Strong and bold Robusta coffee with naturally high caffeine content. Perfect for espresso blends and instant coffee production. Available in dried or roasted options, offering consistent deep flavor for large-scale buyers and industrial use.

OUR PRODUCT RANGE

3

LIBERICA
Coffea
Liberica

LIBERICA (Coffea Liberica)

Liberica (*Coffea Liberica*) is a rare coffee variety known for its smoky and woody flavor. Its beans are large and irregular in shape, giving it a unique appearance and profile. Grown only in limited regions, Liberica offers a distinct taste experience that stands out among coffee lovers.

OUR PRODUCT RANGE

4

Excelsa
*Coffea
Excelsa*

Excelsa (Coffea Excelsa)

Excelsa is valued for its tart, fruity, and complex flavor profile. Often used in blends to enhance taste depth, it provides a light body with unique acidity and subtle floral notes, making it a distinctive addition to specialty coffees.
